## **PROCESS/ PRODUCT CHANGE NOTIFICATION**

This is to inform you that Micrel must obsolete a few devices due to circumstances beyond our control. The devices are in the 3 lead TO-247 package and the SOT223 with non-conductive die attach. In the case of the 3 lead TO-247 the manufacturing line was destroyed by the Thailand flood. We have been unable to find a cost effective new supplier. Similarly for the SOT223 with non-conductive die attach, the supplier exited the business and we have been unable to find a new supplier. In both cases, our intention was to continue to support these packages but after trying unsuccessfully for more than a year to find a suitable supplier we have no choice but to obsolete these devices.

If you have any questions concerning this change, please contact:

NAME: Katherine Wolstenholm

## **TYPE OF CHANGE**

Obsolescence

## **EFFECTIVITY**

Immediate. Orders are limited to inventory on hand.

## **PRODUCT ID (DESCRIPTION)**

### TO-247 3 Lead

MIC29750-3.3BWT  
MIC29750-3.3WWT  
MIC29750-5.0BWT  
MIC29750-5.0WWT

### SOT223 Non-conductive die attach

MIC37139-1.8YS Alternative is Analog Devices ADP3339AKCZ-1.8  
MIC37139-2.5YS Alternative is Analog Devices ADP3339AKCZ-2.5
