

Product Change Notification

TE Connectivity

Product Change Notification: E-16-003408

PCN Date: 04-MAR-16

TE would like to inform you of the following change(s) to the listed TE Connectivity Product. In case of any further questions about this change(s), please contact your TE Connectivity Sales Engineer. Affected part, drawing and/or specification numbers are listed on the attached sheet(s).

General Product Description:
AMPSEAL Sealed Connector Series

Description of Changes
Changing the recommended mounting screw size from #4 (3.0mm) to #3 (2.50mm)

Reason for Changes:
Customer Request. As a result of our continuous strive for improving our product line, TE will be changing the recommended screw size used on the AMPSEAL Sealed Connector Series. There are many different types of screw thread forms on the market size #4 (3.0mm) and not all of them are compatible with this product. Because of this, TE will be recommending a #3 (2.50mm) screw for all new applications. If the customer is not experiencing any issues with the screw type they are currently using then there is no reason to change

Estimated Dates:

| | |
|--|--|
| Last Order Date (Obsolete Parts Only): | First Date To Ship (Changed Parts Only): |
| Last Ship Date (Obsolete Parts Only): | Last Date for Mixed Shipments: (Changed Parts Only): |
| | No Mixed Shipments |

The documents listed below are being modified. Related parts that are not explicitly listed on this PCN are not being modified or discontinued as per the PCN. The Last Order Date, Last Ship Date, First Date to Ship Changed Parts and last date for Mixed Shipments apply only to parts explicitly listed on this PCN.

Note: This PCN contains only document changes, these changes do not affect the form, fit or function of the parts referenced.
