Re: EOL-000043 - EP9301, EP9302 and EP9307

To whom it may concern,

In the published EOL notification Cirrus Logic had warned customers that tester issues might impact the support for this EOL. Unfortunately, what we feared might happen, did happen. The testers for these products are no longer available to support additional volumes.

As a result, Cirrus Logic will no longer accept new orders for these products since they cannot be supported.

Your local Cirrus sales representative will reach out to you if there are any issues with your existing backlog.

Again, we are sorry for the inconvenience this may cause but feel confident that Cirrus exhausted all efforts in trying to remediate this situation.

If you have further questions, please contact your local Cirrus sales representative.

Thank you in advance for your support,

Cirrus Logic Sales
