Process Change Notification

Date: August 23, 2013
PCN Reference: S11315/11778
PCR Reference: F10-0001-9
Product Reference: iPowIR

To Our Valued Customer:

As always we appreciate your use of International Rectifier semiconductor products. Our commitment to customer satisfaction and continuous improvement is demonstrated by our change plans to enhance capacity, quality and reliability. This notice is to inform you of the following change:

Type of Change Notification:

Wafer Fab manufacturing site addition

Description of Change:

Tower wafer fab is added as a source for the attached products

Reason for the Change:

Alternative MOSFET manufacturing capability

Effect Date:

November 23, 2013

International Rectifier will consider this change approved and will implement it by the effective date unless specific conditions of acceptance or data requests are provided in writing within 30 days of receipt of this notice. Please submit conditions of acceptance and data requests to the PCN coordinator listed at the end of this notice.

Impact of Change:

There is no impact to the fit, form, function, quality or reliability of the parts. There is no change to the datasheet parameters.

Products Affected:

Part Number	Description
iP2005CTRPBF	40A Power Stage in LGX 7.7x7.7mm

Qualification:

Parts passed all the reliability testing requirements. Reliability qualification report is available upon request. Qualification standards can be found on International Rectifier’s web site at www.irf.com/product-info/reliability.

Data Availability:

Please contact the PCN Coordinator for supporting data.
